

NETWORK

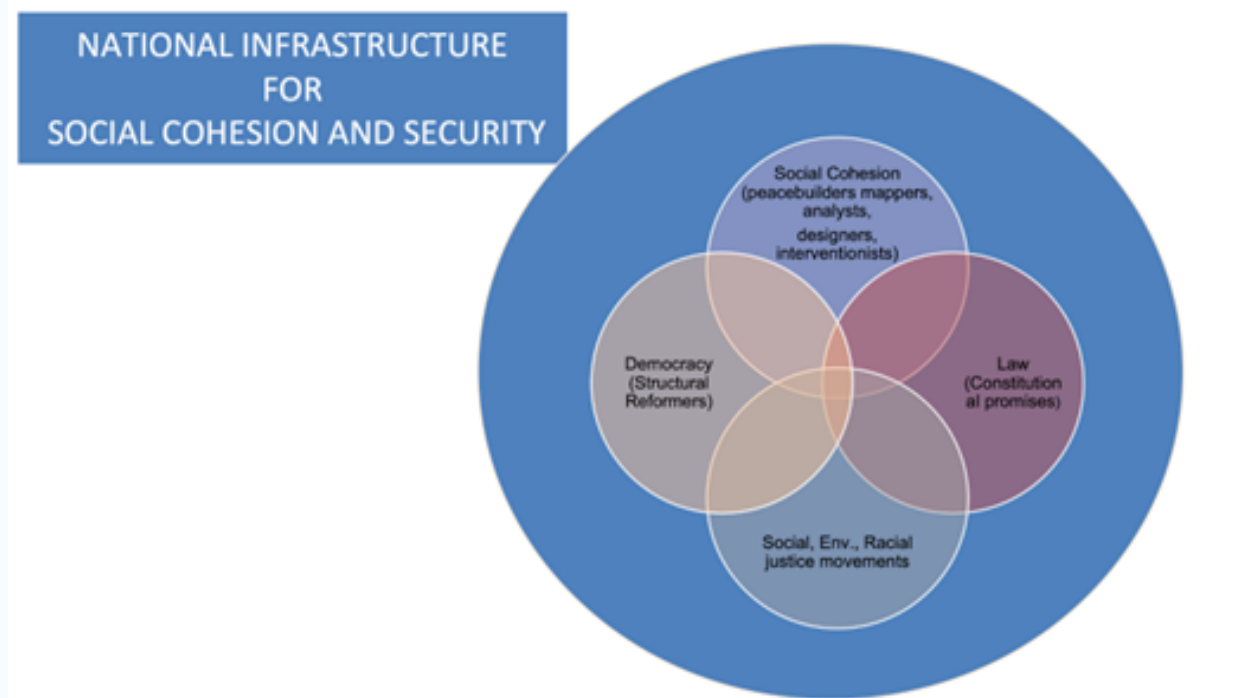

Greetings,

The TRUST Network, a broad U.S. network designed to prevent violent conflict and build social cohesion, is organizing a national, multi-stakeholder **Symposium on National Cohesion and Security** to address the wide-ranging challenges to democratic institutions in the USA, with a focus on hate/hate crimes, which we know are motivators of political violence. The event will take place on December 6, 2022 from 11:00 AM ET- 3:00 PM ET.

Recognizing that this is the first time that the four sectors in the picture below are working together at local and national levels, the **TRUST Network** is organizing this **NATIONAL SYMPOSIUM ON SOCIAL COHESION AND SECURITY**. The purpose is to bring together analysts and practitioners, academics, and interventionists in order to share knowledge and emerging effective practices. Register [here](#).

11 AM ET- 12.30: Conflict Monitors and Analysts

1 PM ET- 2.30 PM: Early Intervention and Disruption

Supported by Humanity United, The Packard Foundation, MBBI, UMass Boston, and NAFCM
